

Agriculture

Small changes
can mean
big savings!

Iowa Lakes Electric Cooperative offers a variety of energy-efficiency incentives to help member-owners better manage energy costs when installing agricultural equipment.

Pre-approval required. Dollar amount will not exceed \$500/site.

Heat Lamps • \$3/lamp

Replace 250-watt standard lamps with 175-watt lamps; purchase of 10 or more required for rebate

Heat Pads

Single - 85 watts or less • **\$25/unit**

Double - 170 watts or less • **\$50/unit**

Low-Energy Livestock Waterers • \$50/unit

Less than 500 watts

Lighting • \$2/CFL

For other lighting, see commercial and industrial lighting rebates; purchase of 10 or more required for rebate

High-Efficiency Water Heaters

Same incentives as residential program

Variable Frequency Drives • \$30/HP

Premium-Efficiency Motors (3 Phase)

See commercial and industrial motor rebates

Heat Recovery • \$2/gallon

Required minimum of 100 gallons of water tank storage

Agriculture

Plate Cooler/Pre-Cooler • \$500

Use well water to cool incoming milk with a heat exchanger

Scroll Compressors • \$30/HP

New or replacing reciprocating compressor

Ag Exhaust Fans • \$1/inch

21 cubic feet per minute/watt (CFM/W) or better; blade diameter in inches; no plastic blades

Ag Circulation Fans • \$1/inch

20 cubic feet per minute/watt (CFM/W) or better; blade diameter in inches; no plastic blades

Ag Fan Circulation - High Velocity Low Speed • \$1/inch

Blade diameter in inches

Heating & Cooling

Same incentives as residential program

This program is for member-owners operating farms. The program offers flexibility for new applications and will follow existing programs when applicable; i.e. air conditioners, water heaters, lighting, etc. Site and installed equipment are subject to inspection by Iowa Lakes Electric Cooperative. Proof of purchase necessary.

Agricultural farms may also qualify for the residential energy-efficiency programs.
